

Support Plan

Name: _____

Age: _____ Date plan was started: _____

Educator name: _____

Parent Name: _____

Child's background: *health issues, developmental delays, medical needs, language delays or issues*

Behavioral indicators: *record specific behaviors, details of what exactly you see*

Events: *triggers, what exactly is happening at the time the child may need additional support*

Priorities behavior: *What behaviours are you are you focusing on, don't do multiple at one time (this doesn't allow opportunity for praise)*

Intervention: *how you want to change the Childs behaviour, what does this look like*

Strategies: *detail the exact strategies you are going to put in place to support the child*

This should also be discussed and shared with the family, professionals and services involved with the child we are wanting to use meta language to ensure the child understands the way in which they are being supported.

Support: *who is supporting you and the child?*

Monitoring behaviour: *identify how you are going to monitor, keep records of changes in the behaviour and improvements. Obs, dates, times. Photo's etc*

Evaluation: *Evaluate how well the plan went and add any changes that have taken place in each of the areas and follow up*
