Thursday, 14 th September 2023	10.00am to 1.00pm	David Burck, University of Queensland	Click here to register Or Scan QR Code below: 

Adolescent to parent violence and abuse is an often overlooked and a significantly under-researched form of familial violence, which is increasingly recognised as having substantial impacts on families, young people, and wider society. Join us as we take a deep dive into this challenging and complex issue with Mr David Burck, who is a co-facilitator of adolescent violence programs, and PhD Candidate at the University of Queensland.
